

License Agreement for WebFace260M Dataset

Last Updated: July 20, 2021

Dataset Usage Rules

1. This dataset and its subsets can only be used for academic research.
2. Applicants are not allowed to use this dataset and its subsets for any commercial purposes.
3. Without permission, it is not allowed to forward, publish or distribute this dataset or its subsets to any organization or individual in any ways or by any means.
4. Any copy and sharing requests should be forwarded to the official contact email.
5. Please cite our paper if WebFace260M dataset is useful to your research:

WebFace260M: A Benchmark Unveiling the Power of Million-scale Deep Face Recognition.

Zheng Zhu, Guan Huang, Jiankang Deng, Yun Ye, Junjie Huang, Xinze Chen, Jiagang Zhu, Tian Yang, Jiwen Lu, Dalong Du, Jie Zhou.

IEEE Conference on Computer Vision and Pattern Recognition (CVPR), 2021.

Dataset Access

1. All users can obtain and use this dataset and its subsets only after signing this Agreement and sending it to the official contact email address.
2. For students, research groups or research institutions who need to obtain this data, signatures of both the **Responsible Party** and the **Point of Contact** are required. The **Responsible Party** should be the tutor of the research group or the representative of the research institution, and has the authority to be responsible for the matters related to this Agreement. (The Responsible Party should be a fixed personnel of the institution, students and other floating personnel cannot be the Responsible Party). The **Point of Contact (POC)** is an individual with detailed knowledge of the dataset application. In some cases, the Responsible Party and the POC may be the same person. At the same time, **the homepage of the Responsible Party** (or the homepage of the research group, laboratory, Department, etc., including the basic information of the Responsible Party) must be provided to **prove the role of the Responsible Party**.
3. Please send the signed Agreement to the official contact email (info@face-benchmark.org) **in the form of scanned copy. Please CC the Responsible Party when sending the email.**

Additional Information

1. The WebFace260M dataset, including clean training data (WebFace42M) and the urls of raw images before cleaning, has been released. Besides, online evaluation system has been open for the participants of the WebFace260M Track of ICCV21-MFR (The Masked Face Recognition Challenge & Workshop). The reason why we provide the urls of WebFace260M is that the total size of raw images of WebFace260M is huge, about 50T.
2. Due to the storage limitation, we provide WebFace42M in .jpg format. It is worth noting that we use .png format to train models in the original paper, so there may be some slight differences in accuracy.
3. Official contact email address: info@face-benchmark.org.
4. Email format for WebFace260M dataset application:
Subject: **WebFace260M Dataset Application**
CC: **The email address of the Responsible Party**
Attachment: license_agreement_for_webface260m_dataset.pdf (**scanned copy**)

Note: Please fill in the form below in printed form, do not use handwriting.

Request to Access

With my signature, I hereby request to obtain and use the WebFace260M dataset, and I am authorizing my team to apply and use the WebFace260M dataset according to the rules and limitations listed in this Agreement.

With my signature, I also state that I have the authority to accept the terms stated in this Agreement.

SIGNATURE OF RESPONSIBLE PARTY
